## Press Release

### Aircraft Earrings from Old School Model Works

Whether you like vintage WW1, the warbirds of WW2, civilian, or modern jets, our new line of aircraft earrings has something for most any taste. Our line is constantly growing with 29 designs to choose from, including earrings of our own Robinhood 25, Sky Ranger 40, Comet and Wayfarer R/C kits - with more on the way.

All of our earrings are designed, cut, assembled, and packaged in our USA facility. They are cut from the same 3-layer, birch lite-ply used in our R/C kits. The metal hooks are hypo-allergenic, silver plated, surgical steel. The jump rings are hypo-allergenic as well, made from surgical steel.

They are delicate, but not fragile and come packaged on their own hanging backer card.

Retail Price - \$12.50/pair
